I've Seen the Future & It's Science-Shaped

(get on it!)

Media-ocrisy

Friday July 8th 4pm

University of Adelaide, *Rennie Lecture Theatre*

Paul Willis

Join the enigmatic director of RiAus as he delves into the dark world of the media, how to manipulate it, and promote to the public things they may not yet care about.

EXPLOSIONS...and other things

Friday July 15th 4pm

University of South Australia, *Mawson Lakes*

Lisa Horsley

Lisa is a science communicator who works with explosions...all for the sake of science. Come enter Lisa's world of interactive science to engage minds!

Arts vs Science

Friday July 22nd 4pm

Flinders University, *Teletheatre*

TBA

Do you enjoy music, theatre or the arts? Would you ever consider teaming these skills with science communication? Learn why this is such an ideal combination and how effective it can be!

The Young Scientists of Australia Adelaide Chapter Inc.

www.ysa.org.au/adelaide

YSA presents a personal development workshop series with a science based focus. Delve deep into the culmination of science with media, interactivity and the arts.

Attendance is free but please register at <http://ysaadelaide.eventbrite.com/>
